

An Inspiring Venue for Athletics, Education and Community Activities

Rarely does an opportunity present itself that is so inspiring and unifying that we must all participate. The new MSJC Athletics & Kinesiology Complex at the Mt. San Jacinto College Menifee Valley Campus is this opportunity. In addition to serving as the home of the Eagles Football, Lady Eagles Soccer, Beach Volleyball, and Softball teams, the stadium serves as a high-profile community gathering place and center of activity, generating an economic impact and vibrancy for the area.

Unique Opportunities

A partnership with MSJC provides an unprecedented opportunity to build awareness through the promotion of events online and through roadway and on-site signs. Individual sponsors have the opportunity to create their own activations to engage with the community and its workforce. With every event taking place and promoted at the stadium, sponsors build awareness and attention to their organization. Naming opportunities present a range of options for partnership, promotion, activation, or the leaving of a lasting legacy.

We All Benefit

The MSJC stadium complex is a true college and community asset. Benefiting all of Southwest Riverside County, it provides space for athletics and events for the college and is open to local organizations, car shows, food festivals, and many other events and musical artists. College lectures, performing arts, clubs, and student groups utilize this space throughout the year. Of course, event producers are attracted to the professional amenities built into the stadium.

NAMING OPPORTUNITY:

Athletics & Kinesiology Complex

*Strengthening the MSJC
Legacy of Transformation*

ADD YOUR NAME

Stadium	\$1,000,000* (Secured by HCN Bank in 2023)
