Mt. San Jacinto College offers a wonderful opportunity for students to learn about working for the district on a temporary, at-will basis while progressing towards their educational goals through the Student Workforce Program (SWP). The goal of SWP is intended to provide a balance between the interests of the student and the needs of the department. We accept SWP applications for a variety of temporary, part-time, and entry-level jobs throughout the academic year.

BENEFITS

The Student Workforce Program provides access to *flexible* work schedules and supplemental income while pursuing your educational goals. Under department mentorship, students will gain valuable job skills and experience, build healthy workplace habits, and network with the MSJC community. Many SWP employees find the district to be an enjoyable place to work and seek permanent, full-time employment through our regular competitive selection process.
